

# Qanon notes

Been around for years - in 2016, the easiest way to find disinformation campaigns was looking for qanon hashtags (because IRA etc used them as carriers for their messaging in US, Canada etc).

Common hashtags and phrases:

#qanon	
"Where we go one we go all"	Qanon is all about creating in-group unity against a perceived larger, dangerous out-group.
#WWG1WGA	
#qanonarmy	
#deepstate	
"Deep state"	
"We are q"	
TheGreatAwakening	

Trigger themes:

- Immigration
- The great awakening - not seen so much now; was more of a 2016 thing
- White rabbit
- Deep state - perennial theme, that there's a secret cabal inside government agencies, working against the president etc etc

Influencers:

influencer	notes

Influence routes:

- Traditionally 4chan/8chan/gab through other social media to mainstream media (e.g. Fox news) to major influencers (e.g. [Name Redacted]) to population

Secondary amplification through merchandise (probably opportunists):

- T-shirts, hats etc are common on Amazon, Etsy etc
