

README: DISINFORMATION TRIAGE

If you can see this README, you're in the disinformation triage team. This googlefolder contains anything that might be sensitive. Everything else: training materials, BigBook etc, is in a can-read-with-this-link folder CTI_DISINFO_TEAM, here:

If you're Triage, you should have edit permissions for both folders; if you don't, ping the disinfo team leads and we'll fix that for you.
